

"I love that there is so much a non-programmer can do in the system. This makes it very cost effective and gives us more control over the final product. I am recommending FAMCare to everyone who asks me about social service/mental health database systems!"

Introducing Pathways Module

~ Louise Angermann, MPA  
Outcomes and Evaluations Manager  
Lilliput Children's Services

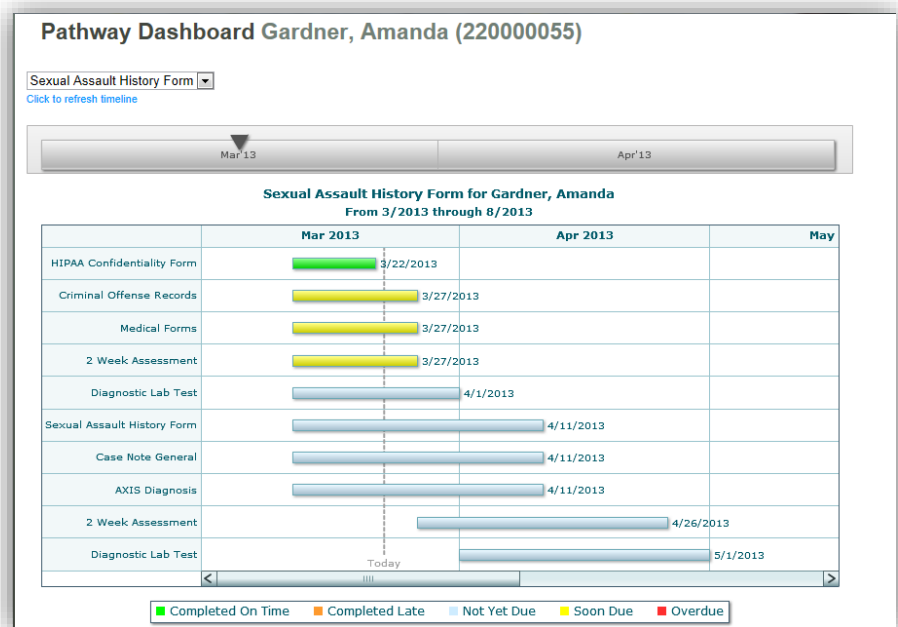

## "PATHWAYS... Powerful Program and Services Monitoring System NEVER Let's Your Caseworker or Client Fall Off Track!"

### Revolutionary Tracking System!

Pathways - tracks all of your services and programs in an interactive timeline. The impact is multi-faceted:

- ✓ SAVES TIME and MONEY!
- ✓ ELIMINATES program tracking errors!
- ✓ Clients **NEVER FALL THROUGH CRACKS!**
- ✓ HIGH LEVEL of **VISIBILITY** for Supervisors
- ✓ Helps **IMPROVE** client outcomes

And with Pathways, there is no limit to the number of client "paths" you can create. Create a new pathway for each of your programs and services and NEVER STRAY OFF COURSE!

### Build New Forms FAST!!

If your service requires a new data import or new ASSESSMENT form to track information – it can be created instantly WITH EASE using the Pathways proprietary insta-form creator. Pathways will track due dates and deadlines for tasks, services, surveys, assessments, therapy sessions, medical reviews, interviews, case notes, treatment plans and more!

**1. Event Tracking.** - As each "event" comes due - the monitoring system automatically notifies you that you need to take action!

**2. Repeat as Needed.** Events can be setup as one-time services or re-occurring events throughout your program!

**3. One Click Add for New Clients** - Once a pathway is created, clicking the "add" button attaches all of the activities and tasks to the client's path in less than 3 seconds!

**4. Color-Coded Event Tracking.** Know instantly who's delinquent, on target or who has completed the program... by the color of the task or event.

**5. One-Click Form Creation from Excel to Your FAMCare System.** You can use our existing Excel form template to rapidly create your own data collection form in FAMCare,

**6. One-Click Menu Update.** All new forms are easily added to the FAMCare menu for fast access by all!

**7. Data Instantly Reportable.** Make better decisions in record time as all of your data is immediately available to view/download, review and share!
